

Annual Report 2025 – Volleyball Section

The year 2025 was full of changes for our section.

First of all, we welcomed a new coaching duo to our staff. We were able to recruit Ekin Bayram as Head Coach, and we have Yves Müller on board as Assistant Coach. Both are fully committed to their roles and are a great asset to our section.

As the saying goes, where there is a smile, there is also a tear. Flaviano Dos Santos, our coach until then, left us in mid-2025 to take on a position in Brazil. We would like to take this opportunity once again to wish you and your family all the best and send a heartfelt thank you for all your hard work.

Well-attended training session with all coaches at Tannenweg

From a sporting perspective, the year began with a major realization: the experiment of playing in two leagues simultaneously was not successful. Although we were able to complete all our matches, the workload—with sometimes two league games per week featuring the same players—was very high. Finding available gym slots also proved to be quite difficult, as our facilities in Würenlingen are always in high demand.

We finished the season:

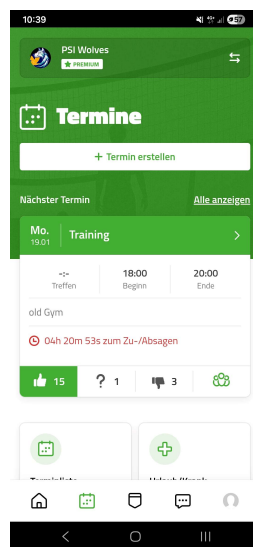

- in second place in the 2024/2025 Winter Championship of the Kreisturnverband Zurzach (KTVZ).
- in seventh place in the Easy League Aargau (Men's Active A).

KTVZ Cup match marking the end of the season

During a BBQ in spring, this matter was discussed with the "Wolves" in attendance, and the decision was made to focus on a single league. Consequently, for the 2025/26 season, we will only compete in the Easy League Men's Active B. We opted for Category B to allow us to compete as a mixed team.

Another innovation is the transition of our administrative team organization from an Excel file to the "TeamPlus" app. This platform provides a simple overview of training sessions, tournaments, results, and members. It also allows for easy data collection and statistics. The app immensely simplifies the work for our coaches, supporters, and section leaders, especially since our section already consists of more than 40 wolves.

Team organization with the app TeamPlus

In 2025, the groundwork was laid for the procurement of new jerseys. The additional budget was approved, the design refined, and a supplier was selected. The design was created by Ekin Bayram and reflects our section logo. We would like to take this opportunity to thank Sportclub PSI for their financial support in acquiring the jerseys. A special thanks goes to our designer, who truly outdid herself.

But what would our section be without its members – the Wolves. A heartfelt thank you to all of you for breathing life into this section, whether during training, at matches and tournaments, or through your ideas and personal initiative.
