

Table Tennis Section Report 2024

Zheqiao Geng, 20.02.2025

The training activities were ramping slowly. In 2024, there were no events organized for the table tennis section. Players organized the training activities mostly spontaneously.

A new table was ordered and placed in the building WSAE. I will create a calendar for this table so that colleagues can book it.

A net was prepared for the outdoor table after OASE. However, this table needs to be confirmed again because the site construction work kept going on. A new outdoor table may be ordered to replace the old concrete table (still usable but in not so good conditions).

The webpage for the table tennis section is up to date: <https://sportclub-psi.ch/sektionen/tischtennis>.

Budget for 2025:

1. Tournament Events (CHF 200)
2. Outdoor table (CHF 2600): <https://www.tischtennis-shop.ch/pingo-tischtennistisch-park>
